RE: 2005 Annual Jury Report

I am pleased to submit to you the 2005 Waukesha County Annual Jury Report.

The report is a compilation of information on the jury selection process, quarterly and annual statistics on jury usage and juror costs, information on jury trials by branch, 2005 jury accomplishments, juror responses to the juror exit questionnaires broken out by category as captured on our new jury portal, and key performance measures.

We make every effort to address juror complaints and suggestions and are in the process of upgrading some jury room furniture and implementing other suggestions where possible.

I am especially pleased to report that new procedures we implemented have resulted in a juror exit questionnaire response rate of 96%.

Our goal is to continually improve the quality, efficiency, and cost-effectiveness of our jury system, and your comments and suggestions on the information in this report are welcomed. My thanks to Cheryl Gallo, Jury Coordinator, for compiling the report.

This report is intended to meet the requirements of SCR 73.01, which requires each judicial circuit to analyze at least annually the performance of the jury system in the circuit to determine all of the following:

- (1) If the department list or master list under section 756.04 of the statutes is representative and inclusive of the population of the circuit.
- (2) The effectiveness of the summoning and qualification procedures.
- (3) The responsiveness of prospective jurors to their summonses for jury duty.
- (4) If jurors and prospective jurors are used efficiently.
- (5) The cost-effectiveness of the jury system.

2005 Jury Accomplishments

In an effort to continually improve the jury experience for Waukesha County citizens, the following initiatives were implemented in 2005.

- **A new process to capture juror responses to exit questionnaires immediately after service resulted in a significant increase in response rate.**
- **Use of the online jury questionnaire was encouraged through a flyer sent with the qualification questionnaire. As a result, nearly 30% of all juror qualification responses were received online in 2005, resulting in reductions in postage expense and time spent on data entry. These results compare to 12% online returns in 2004 and 8% in 2003.**
- **Updates to the Question and Answer sheet sent to prospective jurors along with their juror qualification questionnaire greatly decreased the number of phone calls.**
- **Reminder letters sent to jurors who did not initially return the juror qualification questionnaire were effective and contributed to a overall response rate of 98%.**
- **A bar code and scanning process was implemented to speed up the check in of juror qualification questionnaires. This resulted in less time spent on data entry.**
- **A Sequestered Juror Exit Questionnaire was developed for the Theodore Oswald trial to obtain feedback and assist in future planning of sequestered trials.**
- **Juror feedback on jury chairs was utilized in selecting new chairs for remodeled courtrooms and one jury room.**
- **The Waukesha County Jury Coordinator was invited to be a member of the statewide CCAP Jury Design Committee, which is charged with developing and prioritizing new CCAP system functionality that relates to jury issues.**

Summary of Juror Comments

Communication

- Suggestions related to parking, providing maps, and better signage were provided in this section. These issues will be reviewed administratively and changes will be implemented where feasible. Some issues will be addressed by providing the jurors with additional reminders in writing or through the jury line information.

General Courthouse Facilities

- Pillars in courtroom obstructed vision of some of the jurors.
- There should be more than 2 stalls to accommodate such a large group.

- Crossing street a little challenging
- Didn't feel unsafe but surprised with lack of metal detectors
- Do not feel personally threatened, but wonder why there is no security system to enter (metal detector.)
- Expected metal detectors
- For criminal trials, I would be concerned with lack of security at the main entrances
- Fresh coffee is the least that you could provide us
- Get rid of pillars in courtroom
- Give instructions for parking on the summons sheet. No snacks-just drinks available
- Had soup for break, no flavor and severely hot! Blistered my mouth in 2 places
- Hard to hear Jurors in courtroom

- I am hard of hearing and could not hear that well in back room of JAR. A speaker would help
- I saw no security for courtroom before entering

- I walked in with a large backpack including a laptop computer. I was neither scanned nor searched. This seems like a significant lapse in 2005
- Inadequate (too small) facilities for too many people, orientation video shows bias against white males in courtroom,
- Need more restrooms for women.
- Crossing the street from the parking lot- no stop lights.
- Jury assembly room too small & crowded first thing-line to get in.

- Parking ticket while on jury panel
- Parking: I had to walk through rain & snow so it was cold
- Pillars in courtroom made it impossible to see defendant
- Pillars in courtroom-hard to see
- Pillars obstructed view
- Please inform Jurors where to park before arrival
- Please serve real coffee-it's the least you could do for those doing their civic duty.
- Question on security, or lack of, when entering the building
- Received a parking ticket in the 90 minute parking. Signs are not highly visible.
- Snacks would be good in jury assembly room.
- Received a parking ticket. Had never been here before, did not know where to park.
- Restrooms-only 2 stalls for women-created crowd & time delay
- Separation for bathroom facilities from the jury room would be better.
- Should have metal detectors at doors. Too many nuts out there today.
- Sitting near blower very hard to hear. Can't we sit on the other side of court room?
- Slightly hard of hearing and they spoke too softly with fans running
- Soda and water was nice
- Some health concern for courthouse workers about swollen ceiling tile from humidity and leaking roof. Provides great conditions for Legionnaires disease-dark, damp and humid
- Suggestion: brewed coffee
- Surprised by lack of security & metal detectors

- Surprised by lack of security. Milwaukee county courthouse implements metal detectors and additional guards at entrance
- Thanks for liquids
- The benches are uncomfortable
- The cheeseburger I got was very, very bland tasting and wasn't good at all
- The columns are down right irritating. Public restrooms are overly perfumed-slow down on the ghastly air fresheners
- The Defendant was by us in the lunchroom & was in the hall following us as we were leaving. I did not feel safe!!!
- The pillars in Judge Kieffer's courtroom were very distracting making it impossible to see everyone in the room.
- There should be metal detectors
- To the best of my memory no instructions were provided on the automated phone system of where and under what conditions one could park
- Too many people crammed into the intake area. Luckily this was not for very long-at least for me.
- Ladies room in deliberation area insufficient for # of female jurors.
- Very comfortable environment and service orientated staff that was very accommodating and friendly
- Very dangerous crossing Moreland Blvd from the parking lot
- Very scary to cross the road to get to the courthouse. Where are the metal detectors? How safe are we? I felt very uncomfortable.
- Walk across the street is dangerous regarding cars that don't know that pedestrians have the right of way
- Was surprised that there was NO security measures upon entering the building
- We were in the pillar courtroom. It was difficult to see all parties and evidence.
- When jurors are called they should be instructed to park across the street from the courthouse!!
- Why no metal detectors?

- You need metal detectors
- You should have to go through a metal detector to enter the building.

Courteous Treatment by Personnel

(Jury Coordinator, Judge, Bailiff, Attorneys and Court Clerk)

- Again, excellent
- As a county government as a whole, you really don't care about your citizen's time-you as a government have no concept of customer service.
- As individual people, you're great. As a county government you could pay the juror members more for their time because I'm losing 90 dollars a day that I need to pay my hospital and house payments. Now I'm going to be short, and I can't do anything about it
- Cannot hear proceedings without microphone can not hear at all. Council was not heard at all.
- Civilian Bailiff Don was great! Informative, knowledgeable, and interesting. I appreciated the fact that the court always knew & acknowledged when we were being asked to wait a lot-that courtesy made it easier.

- Did not like the allusion of a jury to the 12 disciples as heard in the introduction video-How dare the court or any institution compare itself to Christ and His Followers?!
- Don is great, very courteous and respectful of any wants or needs.
- Excellent explanation of what was to come
- Favorably impressed with whole procedure & especially with Judge Kieffer
- I was really looking forward to serving on a jury and instead I wasn't even called up to be rejected from it. I know it's a civic duty-I wanted to do it.
- I would prefer 4 days in 1 week vs. spreading it over 2 weeks. It was hard to stay flexible at work for 2 weeks.
- It took too much time out of work and out of a college student's life
- It was difficult to plan around not knowing whether or not I would be serving
- Judge & Prosecuting Attorney took way too much time asking basic question & giving too detailed instructions.
- More notice should be given before being summoned, 2 1/2 weeks is not enough time to clear schedule
- My place of employment made it difficult for me as I work 12 hour night at VAMC ICU as a nurse
- Our Bailiff Jan was very pleasant & helpful. She made us feel so comfortable-A real sweetheart.
- People were nice at orientation as was judge
- Snacks in the jury room would be appreciated
- Started a new job-look for people at the unemployment office
- Too many breaks
- Treated very respectfully
- We were called in and out of the courtroom and had to stay even when we were not one of the chosen group of jurors
- We were not picked for the selection. Ramirez had 21 people he needed 13, the attorneys each had 5 to disapprove. He should have only questioned 23 and let the rest of us go earlier.
- Work 2nd shift, have to go to work, so wish they could accommodate us on later jury duties.
- Would have liked to have been released since I wasn't a part of the 18 selected
- Bailiff was great! Very helpful & courteous
- Bailiff Jim had a very nice smile and helpful attitude
- Could not hear due to fan. Second lawyer should have used microphone.
- Could not hear them in audience box
- Court clerk was difficult to hear for instructions
- Don-Thank you for your care!
- Don and Darrel were excellent!
- Don and Patrick were great!
- Don is an excellent bailiff!!
- Don made the experience very enjoyable
- I feel we should not have to answer personal questions during jury selection-this should be done in private.
- I intended to stay impartial-However, how can companies/corporations back and sell inferior products & waste time and money trying to defend them
- Inability to clearly hear court clerk-microphone would be a great addition.
- Intense questioning by attorneys
- Jan need to focus.
- Judge Hassin was very respectful

- Judges explained everything over that was already previously explained in the jury room
- Our bailiff Don was very nice and very responsive.
- Perhaps they could have worked to clear any legal hurdles before calling the jury.
- The attorney's could get organized
- The Defense lawyer was a PIG!
- The plaintiff's attorney should know better that to waste time on such a frivolous suit
- When the phone rang, it was a distraction. (Use a red Light) When Judge coughed or witnesses turned pages near mic, the noise was broadcast.

Respect for Time by Courtroom Personnel

(Jury Coordinator, Judge, Bailiff, Attorneys and Court Clerk)

- Attorneys were very diligent in jury questioning
- Defense attorney seems unprepared. Attorneys don't seem to care for how long the trial goes.
- Frequent breaks a plus
- I wish that I could have been excused immediately as soon as I heard the length of the trial-had to sit thru selection anyhow
- Judge must be more attentive. At times he closed his eyes and appeared to doze off.
- Judge not on time. Attorney took time for things I think should have been done before hand
- Long questioning process but understandable
- Much wasted time
- The attorneys talked too much and repeat themselves over and over again
- There's no reason for the 13-18 additional jurors who were never selected in the first place to be inconvenienced
- Too many breaks!
- You really don't care about your citizen's time. \$25 a day is kind off a joke.

Courtroom/Jury Room Facilities

- A bit cold-Need to water plants
- A little too cold, but I dressed warmer the second day.
- A microwave would be great.
- Again, you could have FRESH coffee for us. We pay enough in taxes; can't you at least do that?
- Although nice to have air conditioning, for the jurors that are not wearing as many articles of clothing, it was a bit chilly.
- Bathrooms too close to jury room - can hear everything
- Bathrooms too close-much too close to the table where jury members sit & deliberate
- Blowers are very loud-even to the point that lawyer microphones are ineffective, chairs are terrible
- Chairs need some back support. New upholstery, cushions are breaking down- all jurors agree
- Columns obstructing vision, microphone inoperable and court secretary should have a microphone.
- Could use foot stools for people with short legs
- Cushions needed on seats in courtroom

- Deliberation room only had 11 upholstered, comfortable chairs-Would be better to have 12
- Deliberation room was warm, trouble controlling temperature. Chairs in jury box uncomfortable for long periods
- It would be nice if they had bottled water with the soda
- Jury Deliberation room could be more colorful, Chair was hard to keep facing forward
- Jury seat would be improved by adding drink holders
- No air conditioning. Would be tough for a long trial. I do understand construction was going on.
- No phone for use in Jury room (deliberation) if you didn't have a cell phone there was no way to call.
- Poor acoustics in court room-I have hearing aids which also amplifies sound of a/c-I only heard 50% of what was said in court-I was in audience-turn up speakers!
- Real coffee instead of instant
- Restrooms are very public
- Room was small for our size jury
- Seating area small for tall people
- Should have real coffee and also should have bottled water
- Snacks or a vending machine in the jury room, in addition to beverages would be a nice addition.
- Snacks would have helped
- Sometimes hard to hear the jurors responses to the questions
- The old varnish on my pew stuck to my hands, they were covered with flakes of old varnish.
- The room was quite small & not decorated
- The wooden seats were very uncomfortable. Bathroom facilities inadequate for the Jury Assembly Room
- There needs to be more breaks. Two hours of sitting is not healthy for anyone's circulation. A 10 minute break every 1.5 hours would be helpful. More frequent breaks would also help the jurors attention. You can only absorb so much info. at a time
- They desperately need to do something about the audio for the witness stand.
- Couldn't hear well.

Jury Instructions

- Could have read it more slowly
- Definitions of Law etc. were difficult to interpret or understand
- Definitely complete. Due to complexity of instructions, there was a need to re-read written instruction.
- Kind of complicated, too much legal info
